# Seventy-ninth Annual Meeting

The Seventy-ninth Annual Meeting of the Corporation of The Trustees of Reservations was held in the New England Merchants National Bank Executive Dining Room on the 49th floor of the Prudential Tower, Boston, Massachusetts, on Wednesday, January 28, 1970 at 4:00 p.m. with President Charles R. Strickland presiding.

## SECRETARY'S REPORT

With its magnificent variety of vegetation and wildlife, its scenic beauty and geologic interest, Bartholomew's Cobble Reservation in south Berkshire County has become a natural area of national significance.

Its delicate environment, however, is in danger. The pressures of population, community growth and the development of leisure and retirement homes everywhere, are changing the character of our countryside. The Cobble is no exception.

In 1969, The Trustees of Reservations divided major concerns into two areas. One involved the protection of existing Reservations and the preservation of their qualities and charm as the lands around them feel the force of change.

The other, of course, was for the continued acquisition of new properties to preserve for our own and for future generations, the special values of the Massachusetts landscape. A comprehensive study was begun to determine priorities for action in both areas.

### BARTHOLOMEW'S COBBLE TOP PRIORITY

The Reservations Committee — Chairman John M. Woolsey, Jr., Secretary of The Trustees of Reservations Henry R. Guild, Jr., Standing Committee member Theodore Chase and Director Gordon Abbott, Jr. — focused on the needs of existing properties.

Because of its extraordinary contributions

to natural science, its educational and environmental values, Bartholomew's Cobble led the list.

Accordingly, the Standing Committee authorized a program of acquisition, and in December, 1969, some 115 acres on Ashley Mountain were added to the Cobble.

The new property, sought for many years, has immense quality and charm. From its hilltop pasture is a spectacular view to the north up the Housatonic River. Its woodlands are filled with a new and fascinating variety of plants and wildlife. And with more than a half mile of frontage on Weatogue Road, it protects a vital portion of the Cobble.

### CAMPAIGN FOR FUNDS PLANNED

To guarantee the permanent preservation of this new area, however, funds must be raised from public subscription throughout the Commonwealth, in nearby Connecticut and in New York state.

These 115 acres are a part of the total program to protect the Cobble. Two other parcels are also involved. Efforts to acquire and protect them are continuing. A general campaign for funds is scheduled to begin in the spring of 1970.

For their advice and interest in the planning, development and initiation of this program, we are especially grateful to the Local Committee for Bartholomew's Cobble: Chairman Morgan G. Bulkeley and to members Hal Borland, Boughton Cobb, Mrs. Lawrence K. Miller, Mrs. Milton C. Rose, Alvah W. Sanborn, John Storer, Matthew Tomich, Jr. and Robert K. Wheeler, as well as to Donald B. Miller and Lawrence K. Miller whose guidance has been invaluable.

Meanwhile, efforts will continue on some-

what less intensified, but no less concerned level, to protect other Reservations subject to the same pressures.

#### NEW AREAS OF SPECIAL SIGNIFICANCE

The Future Policy Committee concentrated on the broad area of acquiring and preserving new properties of special significance throughout the Commonwealth.

Its members, Chairman, John M. Woolsey, Jr., a former Chairman of the Standing Committee, now on the Advisory Council; Standing Committee member Arthur M. Jones; Advisory Council member Professor Charles W. Eliot, II; Richard E. Bennink, a member of the corporation of The Trustees of Reservations and a Trustee of the Fund for Preservation of Wildlife and Natural Areas; Mrs. Julia Broderick O'Brien, former Chief Open Space Planner, Metropolitan Area Planning Council; Stephen Ells, Deputy Commissioner, state Department of Natural Resources and Gordon Abbott, Jr., Director, The Trustees of Reservations, delivered a preliminary report on December 3, 1969 to the more than 200 persons attending The Trustees of Reservations Annual Convention Award Ceremony and Dinner.

It called for revising the 1933 Massachusetts Landscape Survey, an extraordinary and fascinating document which led the way, in its era, to milestone accomplishments in conservation. Its author, Bradford Williams, was a long-time member of the Standing Committee of The Trustees of Reservations and a member of the American Society of Landscape Architects.

The new study would identify and evaluate landscape qualities across the Commonwealth, according to predetermined criteria.

#### INTENSIFIED PROGRAM OF PROTECTION URGED

The Committee also recommended a new

and intensive program be initiated to protect these qualities in the decade ahead. A copy of the Report of the Future Policy Committee follows this Secretary's Report.

Commissioner Arthur D. Brownell of the state Department of Natural Resources and Allen H. Morgan, Executive Vice President of the Massachusetts Audubon Society, as well as other independent conservation organizations, have already expressed their enthusiasm for the study and pledged their cooperation.

Again, while the study is underway, our own efforts to acquire and protect special properties will, of course, continue as they have in the past, powered by our concern for the general environment and the vital role played by the preservation of open space in maintaining its quality.

#### ADDITIONAL OPEN SPACE ACQUISITIONS

In the program to protect Wasque on Chappaquiddick Island, funds received from earlier pledges enabled us to acquire an additional 47 acres, making now 167 acres of what will eventually become 200-acre Wasque Reservation.

Thanks to the generosity of Nathaniel L. Harris and his sister Miss Catherine P. Harris, The Trustees of Reservations received a fourth one-twelfth undivided interest in Menemsha Hills Reservation at Chilmark, Martha's Vineyard. The Reservation, which includes a spectacular sand cliff, will eventually total 149 acres.

Although the exciting news of its acquisition was announced in 1968, The Trustees of Reservations actually took title to some 3.4 acres in North New Salem in early 1969. The property, a magnificent gorge and waterfall on the Swift River known as the Bear's Den, is preserved through the thoughtful generosity of Mrs. Grais Poole Burrage who died in 1968 leaving the Bear's Den to The Trustees of Reservations.

## 177 ADDITIONAL ACRES PROTECTED IN 1969

In 1969, The Trustees of Reservations added some 177 acres of open space to now 50 natural areas and historic sites from the Berkshires to Cape Cod and Martha's Vineyard.

They total more than 10,600 acres of woodlands, rivers and streams, wetlands, marshes and wildlife areas, as well as magnificent formal gardens and museum houses held for public education and enjoyment.

### MASTER PLANS FOR THE FUTURE

A vital part of our activities also centered on the preparation of Master Plans for key properties and the implementation of their recommendations.

First to be completed (1968) was a Master Plan for the Crane Reservation in Ipswich. Others are now underway at Rocky Woods Reservation; Wasque Reservation and Cape Poge Wildlife Refuge; Misery Islands Reservation; Bartholomew's Cobble Reservation and World's End Reservation.

Taking one or two properties at a time (and there are now 50), in order of priority, Special Study Committees are looking forward to the years ahead, attempting to define the qualities which led to the preservation of their areas in the first place, and, recognizing future demands, devising methods and policies which will preserve their environments and thus enhance their enjoyment by this and coming generations.

Under the direction of Deputy Director Garret F. VanWart, Master Plan data is also being collected at Lowell Holly Reservation and Mashpee River Reservation; Agassiz Rock Reservation; Chesterfield Gorge Reservation; the Charles W. Ward

Reservation; the Stevens-Coolidge Place and Fork Factory Brook Reservation.

A Master Plan is the basis for the continued preservation and wise use of each of our properties. The importance of its role in policy planning and administration cannot be over emphasized.

### WASQUE RESERVATION - CHAPPAQUIDDICK ISLAND

In August, 1969, the three-year campaign to raise \$170,000 to purchase and preserve Wasque on Chappaquiddick Island reached its goal.

Acquisition of the 200-acre area, its wild shore front, moorland and salt ponds, was made possible through the generosity of some 850 contributors.

No mention of Wasque would be complete without a bouquet for two special persons for whom the preservation of their island's environment has become a way of life.

They are Mrs. Seth Wakeman, Secretary and Treasurer of The Trustees of Reservations Wasque Campaign Committee and Henry Beetle Hough, Editor of the Vineyard Gazette.

Throughout the campaign, Mrs. Wakeman has catalogued returns, answered personally every donation, deposited every dollar and recorded the growing list of contributors. Her energy, enthusiasm and dedication to an ideal were the key ingredients in the campaign success.

Mr. Hough's personal conviction of the need to preserve Wasque reflected in editorials, news stories and photos, so imaginatively presented, gave the campaign the continuing momentum it so urgently needed. The Trustees of Reservations is most grateful to them both.

Other committee members, whose aid and counsel have played a vital role in the pre-

ervation of Wasque are Oliver D. Filley, Jr., Northam Warren, Russell B. Stearns, Charles E. Mason., Jr., Alfred E. Doyle and John Farrar, members of the Edgartown Conservation Commission, Mrs. D. G. Gaines, Howard C. Peterson, Jr., Harold B. Kelley, Jr. and H. Keasby Bramhall, Jr. To them, and to scores of others, both volunteer workers and donors, whose contributions are coming from friends of the Vineyard and Chappaquiddick everywhere, goes a heartfelt thanks.

The Master Plan for Wasque and Cape Poge Wildlife Refuge has been completed. A Master Plan report should be published shortly. It will be distributed initially to members of the Local Committee for both properties and to the Standing Committee, of course. From it, in discussions this spring, will be drawn policies for the areas' management and protection in the years ahead.

An early recommendation of the Master Plan has been completed. Foster B. Silva, a long-time resident of Chappaquiddick Island, was appointed Superintendent of both Wasque Reservation and Cape Poge Wildlife Refuge in late 1969.

Superintendent Silva is presently providing information which will help determine the intensity of management the areas will require in the coming season.

A naturalist, whose knowledge of his island's resources is widely respected, Mr. Silva will be invaluable in helping to protect the ecological features of the area, as well as providing general administration and security.

Chief of the Master Plan project is Robert L. Woodruff, Executive Director of the Vineyard Conservation Society, an organization whose early support helped initiate the campaign to preserve Wasque. Assisting Mr. Woodruff is Mrs. D. G. Gaines, a

Conservation District Supervisor of the state Department of Natural Resources. Others who have contributed valuable information to the Master Plan are members of the Edgartown Conservation Commission, Alfred Doyle, Chairman, John Farrar, Edwin Tyra, Richard Colter, Ralph Grant, Richard Prada, and the following: Capt. Anthony Bettencourt, Augustus D. Ben David, II, Mrs. John Gillespie, Frederick Glodis, Mrs. Robert Goodale, Mrs. Thomas Hale, Miss Grace C. Meleney, Mrs. Robert Potter, Mrs. Frank Prada, Dr. and Mrs. E. Manning Sears and Foster B. Silva.

#### LITTLE NECK - CAPE POGE, CHAPPAQUIDDICK

The major part of a fist of land extending west from East Beach, Cape Poge into Cape Poge Bay was advertised for sale in May, 1969. Its development, the Local Committee for Cape Poge Wildlife Refuge agreed, would have a disastrous impact on the environment of the natural area. Accordingly, initial steps were taken to preserve the property, some 42 acres in all.

Little Neck, wild and barren, is a rookery for snowy egret, black-crown night heron and green heron, as well as Canada geese, least and common terns and other migratory sea and shore birds.

Already appeals for funds to preserve this area, fascinating in its own values and vital to the protection of the neighboring wildlife refuge, have raised a heartening amount. Efforts to acquire additional funds will continue throughout the coming year.

Also involved in this special preservation project are six acres with frontage on Poucha Pond, Chappaquiddick.

## CRANE RESERVATION - IPSWICH

Implementation of Master Plan recommendations began in May, 1969 at the Crane Reservation in Ipswich. Priorities called for immediate initiation of a program to restore and protect barrier sand dunes in the area of the parking facility. A leadership team, Associate Professor Peter L. Hornbeck of the Department of Landscape Architecture, Harvard School of Design; Deputy Director Garret F. VanWart and Reservation Superintendent Col. Charles E. Coates, Jr., directed the program of erosion control.

Sand dunes were reconstructed. Snow fences were installed and areas planted with American Beach Grass and salt spray rose to stabilize wind-blown sand. Split-rail fencing helped direct visitors to designated walk-ways and protect the delicate dune ecology.

Technical assistance came from many quarters. We owe thanks especially to Robert W. Moorhouse, Work Unit Conservationist, U. S. Department of Agriculture; Professor John M. Zak, Agronomist, University of Massachusetts and Wilson Hill, Plant Specialist, U. S. Soil Conservation Service.

And most especially, to Professor Hornbeck whose continuing interest in the aims and purposes of The Trustees of Reservations has led him to contribute countless hours of professional skill and knowledge which have played a vital role in the program's success.

Besides immediate protection of the land and landscape, members of Crane Reservation Local Committee agreed that continuing education and interpretation were vital to the project's success. Accordingly, a program was designed to inform visitors and the community of Ipswich itself, about the problem of erosion and the

delicate nature of the beach environment.

Plans for a self-guided nature trail to interpret the ecology of the area, a folder entitled "This Fragile Shore" to be mailed to each Ipswich resident, an illustrated slide lecture to be shown to school teachers and community leaders, graphic panel boards mounted on the new building housing the refreshment facility and beach administrative office were designed and created.

Planning and direction for the interpretive program was accomplished by the Crane Reservation Environmental Education Committee, Chairman Dr. Robert L. Goodale, Mrs. David Cudhea, Neil C. Raymond, Jr., Mrs. Robert Weatherall and Mrs. William E. Wigglesworth, and Deputy Director Garret F. VanWart.

In community schools, the program was an immediate success. Some 30 to 40 teachers and additional scores of students worked with members of the education committee and Deputy Director VanWart on the design of the nature trail and on later orientation walks.

The interpretive program is just beginning, of course. Its success will depend primarily on the energies and interests of the education committee. We owe them enormous thanks for their exciting work so far which has accomplished so much in making their community more aware of this lovely world of drifting dunes and golden marshes.

We are also involved in a partnership with the Town of Ipswich in the erosion control program. Thanks to the Board of Selectmen, the Recreation Committee and Town Manager John O. Stinson, the community has provided snow fencing to help halt drifting sand on its area of beach.

We are grateful to the Ipswich School

Board, to Superintendent of Schools John H. Stella and to members of his faculty for their participation and interest in the educational program.

*The Ipswich Chronicle* and publisher William S. Wasserman, who supported the save-the-dunes campaign with news stories and editorials, and published in a multi-part series the ecology of the Crane Reservation as it appears in the Master Plan produced for The Trustees of Reservations by the Research Office, Harvard University School of Design, Department of Landscape Architecture, should also receive our thanks.

This series marked the beginning of efforts to reach residents of the community with the story, not only of our efforts to control erosion, but of the fascinating natural history of their area.

The summer of 1969 also christened the new refreshment stand and beach administrative office building. Designed by Edward Diehl Associates, Architects, of Cambridge, the structure's fluted cement block and wood shingle roof harmonize with the natural environment. We owe great thanks to the designer for the excellence of his imagination and taste. Other service buildings in the area were also shingled to match the new structure.

In the fall a permit was requested to dredge 22 million cubic feet of sand and gravel from a bar in Plum Island Sound off the easterly end of Crane Beach. Opposed by The Trustees of Reservations, it stirred an avalanche of protest from the community and from concerned conservationists throughout the state, including His Excellency Governor Francis W. Sargent. Application for the permit was withdrawn in January, 1970.

Permission was also sought earlier in the

year to erect a radio signal tower on Castle Hill. This request was denied for environmental reasons by the Standing Committee of The Trustees of Reservations.

Thanks should go to Superintendent Charles E. Coates, Jr., Beach Superintendent Charles W. Pickard and the administration and staff at Crane Beach and Castle Hill for their part in making 1969 a successful year.

Superintendent Coates continues to combine the efficiencies of financial management and physical administration with a deep concern for the beauty of the property and its remarkable ecological qualities.

All of this helps give Crane's its enviable reputation as a natural area.

More split-rail fencing is to be installed in the spring of 1970 following a design revision of the parking area scheduled to be completed by Associate Professor Hornbeck.

New warden-style uniforms are planned for the Crane Security Force next year and a program to protect tern nesting areas will be begun in concert with the Massachusetts Audubon Society.

A pilot program was also begun in cooperation with Superintendent Robert C. Spencer of the Essex County Mosquito Control Project. The experiment involved the use of mechanical traps to replace the employment of pesticides. It had an encouraging degree of success.

#### CASTLE HILL FOUNDATION

The Castle Hill Foundation continued its cultural use of the Great House at Castle Hill. A series of concerts were presented throughout the summer to conclude

another successful season. This fall, the Executive Committee of the Castle Hill Foundation, under the direction of President David C. Crockett, agreed to initiate a study which would help determine the aims and directions of the Foundation in the future. Study Committee chairman is John M. Mugar.

#### WORLD'S END - HINGHAM

As the Treasurer's Report states, some \$418,000 has already been raised from public subscription to meet payments in the program to preserve World's End. Some \$18,000 in pledges is still to be collected. This, of course, is vital to the final success of the World's End campaign. We continue to be grateful to the members of the Local Committee for their interest, advice and participation in the activities of the Reservation. Our gratitude is also extended to town officials, the Board of Selectmen, Police Chief Raymond C. Campbell and Fire Chief Albert W. Kimball.

Plans were made in the fall of 1969 to begin a Master Plan study of the Reservation. It will be compiled and completed by the Department of Landscape Architecture at Harvard University's School of Design.

One management change is in the wind already. A warden will be hired on a seasonal basis. He will be responsible for the general security of the Reservation and share in its maintenance.

Preliminary plans for a wildlife management program have been drawn by the U. S. Soil Conservation Service working with Local Committee member Edward B. Long and Deputy Director Mr. VanWart.

A new system of horseback riding permits was also instituted in 1969. Thanks here should go to the members of the com-

mittee Mrs. Guy Mellgren, Ebed L. Ripley and Deputy Director Garret F. VanWart.

#### MISERY ISLANDS RESERVATION - SALEM BAY

The management program for Misery Islands Reservation got underway in May. The aim: physical management of the property throughout the season, including the long-deferred care of trees and shrubbery, clearing of trails and overlooks, clearing and cleaning the fresh water pond at Misery Cove and designing an interpretive program (two nature trails and an historic trail) which would emphasize the islands' natural charm and explain their fascinating history. The climax of the summer program was to produce a Master Plan for the Reservation's future.

Project Chief was David A. Ryan, Chairman of the Science Department of the Pingree School in Hamilton. A biologist and ecologist, Mr. Ryan has taught courses in conservation and served as Director of a New Hampshire Wildlife Sanctuary. Assisting Mr. Ryan was David T. W. Minot, a student at Browne & Nichols School in Cambridge.

Management team members did a magnificent job. In their few months, they cleared the landscape of some one dozen years of accumulated trash. They pruned and clipped trees and shrubbery. They brushed out trails and they learned the needs of an effective island management program. Most important, perhaps, through their personal contacts with the thousands who visit Misery Islands during the summer season, they helped restore a large measure of respect for the property.

The Master Plan for Misery Islands will be ready in March. The management program it calls for will need financial support. A campaign for funds will get underway in

the fall of 1971.

Mr. Ryan will be back with us next year as Warden-Naturalist and Superintendent of Misery Islands Reservation. His responsibilities will also include the management of five-acre Crowninshield Island in Dolliber's Cove, Marblehead, some five miles west of Misery Island. Crowninshield Warden Thomas J. Roche will continue his good work under Mr. Ryan's administration.

#### ROCKY WOODS RESERVATION - MEDFIELD

Work on a Master Plan to preserve the charm and character of Rocky Woods Reservation was begun in early 1969. Master Plan Study Committee members are Chairman, Standing Committee member Thomas B. Williams, Advisory Council member Miss Amelia Peabody, Local Committee member Ellis N. Allen, Joshua B. Richmond and Director Gordon Abbott, Jr. The Study Committee met in February to agree on initial priorities and considerations. Working with Mr. Williams, Reservation Superintendent Mario Pederzini and members of the Study Committee and the Local Committee is Deputy Director Mr. VanWart who is coordinating the study.

Some preliminary decisions have already been made. The development of Rocky Woods as Management Headquarters for the Southeast Region has begun. With guidance from architect and Standing Committee member Daniel J. Coolidge, planning has begun on the construction of additional shop facilities. And in the fall of 1969, with Mr. Coolidge's help, structural changes were made in the skating lodge to facilitate management of the Reservation's natural ice skating program. Working with the Soil Conservation Service, U. S. Department of Agriculture, Mr.

VanWart is also gathering information about the area's three ponds, its woodland resources, and its soil characteristics, as well as the some 14 different activities which take place on the property throughout the year. As soon as this is compiled, the Study Committee will meet again to evaluate information and discuss long-range plans and policies.

Again, Rocky Woods simply could not function without the advice and assistance of members of the Local Committee. For the long hours they contribute, for their interest in the property and for their cheerful willingness to lend a hand when needed, we are most grateful.

The energy and attention to detail provided by Superintendent Mario Pederzini and his staff and Equipment Supervisor Robert A. Kreger, is remarkable. Their care and concern for quality is a refreshing inspiration.

#### THE MISSION HOUSE - STOCKBRIDGE

A program of maintenance and repairs was begun at The Mission House in the spring of 1969. Urgently needed to preserve the property, it followed a year of professional consultation and thoughtful consideration by members of the Local Committee and by the Standing Committee of The Trustees of Reservations. A chimney has been rebuilt, corner posts and rafters replaced and stain applied to exterior clapboards. Windows have been glazed and painted and gutters repaired and sealed.

Throughout, the historic value of the museum itself maintained the quality and character of work at the highest professional levels.

Thanks for the success of the program go to the President of The Trustees of Reservations, Charles R. Strickland, an archi-

tect whose specialty is historic restoration, who has given generously of his time; to Lewis Perry, one of the country's foremost experts on paints and painting, and for museum advice to Old Sturbridge Village President Alexander J. Wall, Chief Curator Henry Harlow and Conservator Edward R. Gilbert. Both Mr. Harlow and Mr. Gilbert, on visits to The Mission House, provided guidance and ideas which have been invaluable.

The administration of The Mission House would not, of course, have been possible without the interest, knowledge and activity of the Local Committee.

Chairman for many years, John D. Kennedy retired in 1969. For his cheerful good nature, his energy and his continued concern for the well-being of the property, he deserves our hearty thanks. Mr. Kennedy will remain a member of the Executive Committee.

Taking the wheel as chairman will be Rear Admiral Andrew R. Mack USN (Ret.) who has already, with vigor and affection, helped guide The Mission House through another successful season.

Our thanks also to Head Hostess Mrs. Natalie Hewlett, and her staff of guides, who suffered through the inconvenience of repairs without complaint and continue to maintain the high museum standards for which The Mission House is famous.

Mission House bookkeeping procedures this year, following a pattern initiated in 1968, have joined other Reservations to be administered by the New England Merchants National Bank. Great thanks go to Mrs. E. Gillette Wilcox, Fiscal Agent for many years, who has handled Mission House finances with a wise mixture of thrift and a deep concern for the needs of the property.

Thanks should also go to Executive Com-

mittee member Mrs. G. Douglas Krumbhaar for long hours of patient care and concern for The Mission House garden, for her wide knowledge of horticulture and for her continuing concern for the welfare of the property as a whole.

As always, the advice and judgment of the members of the Local Committee has been invaluable. We owe each of them great thanks.

#### NAUMKEAG - STOCKBRIDGE

Maintenance and repairs also occupied the summer season at Naumkeag. Trim on the house was painted and minor repairs made to sills and porches. Window glazing was restored and this fall a cornice was replaced and shingling renewed on the east gable overlooking the Afternoon Garden.

What future maintenance needs will be for both gardens and structures at Naumkeag is under study. A Garden Committee, with Associate Professor Peter L. Hornbeck as Chairman, has been appointed to study garden and greenhouse activities at Naumkeag, The Mission House, the Stevens-Coolidge Place and at Castle Hill. Professor Hornbeck completed a 20-page study report on the landscape at Naumkeag this fall. It included an evaluation of present practices, and recommendations for future care. A meeting is planned in the spring of 1970 with Professor Hornbeck; landscape architect Fletcher Steele, whose genius, with Miss Mabel Choate, created Naumkeag's gardens; Mrs. Erastus Corning II, a former President of the Garden Club of America and Chairman of the Local Committee and member of the Local Committee Mrs. G. Douglas Krumbhaar, whose horticultural knowledge has been so valuable at The Mission House.

Research on the future of the property's structures began with a study in the fall of 1969 initiated by architect Daniel J.

Coolidge, a member of the Standing Committee and Director Gordon Abbott, Jr. in consultation with Peter Francese & Son of Lenox, General Contractors.

The goal of this study is to determine the museum value of each building and to define its function in years ahead. This will help create a long-term and realistic plan for structural maintenance and lead into a Master Plan for the property's future.

A conference is planned once again for the summer of 1970 at Naumkeag. Its theme will be chosen at a special committee meeting this spring. Some 84 persons attended the 1968 conference entitled "Great American Collections and Collectors."

Naumkeag continues as a show place of Stockbridge and Berkshire County under the able care of Property Manager Robert L. Crighton, now in his 78th year. Mr. Crighton has been at Naumkeag for 40 years as has his assistant, Charles A. Barnes. [Mr. Crighton died in February, ending a golden era at Naumkeag. In June, Mr. Stanley I. Piatczyc was appointed Superintendent of the property.]

The Local Committee at Naumkeag also has contributed wise and useful counsel. It has been invaluable in helping to formulate policies which will maintain the charm and beauty of the past as an example for the future.

#### CONSERVATION AWARD - 1969

Professor Charles W. Eliot II, landscape architect, city planner and long-time member of the Standing Committee and Advisory Council, was presented the 1969 Conservation Award at The Trustees of Reservations' annual award ceremony and dinner on December 3, 1969.

Some 210 persons attended the event held in the Executive Dining Rooms of the

New England Merchants National Bank on the 49th floor of the Prudential Center.

Host for the evening was Charles R. Strickland, President of The Trustees of Reservations. The award citation was read by Mr. Strickland.

"With warm pleasure and affection The Trustees of Reservations present their Conservation Award this year to Professor Charles W. Eliot II for distinguished service in the field of conservation and the environment.

"Your association and your activities with The Trustees of Reservations spans a long period of history. Nephew of our founder Charles Eliot, grandson of our early President Charles W. Eliot, you joined the Standing Committee in 1924. You served as Secretary of The Trustees of Reservations from 1925 to 1926 and since then on the Standing Committee and on the Advisory Council.

"As a Planner and a Landscape Architect, your energies, ideas and interest have helped chart the course of our organization's aims and accomplishments over some 45 years.

"At meetings and in discussions, your continued emphasis and clarification of our original ideals have helped maintain the integrity and stature for which The Trustees of Reservations are rightly known.

"Your distinguished professional career as Director of the National Resources Planning Board in Washington and as a Professor of City and Regional Planning at Harvard University's School of Design, have helped preserve environmental values across the country.

"As a planning consultant you have contributed ideas to communities throughout New England which have furthered the

wise use of land and related resources to benefit our own and succeeding generations.

"For all these achievements and more, too numerous to mention here, it is with the greatest of pleasure that we present you with The Trustees of Reservations' 1969 Conservation Award."

This year, because of these special and pleasant circumstances, the Standing Committee chose to withhold announcement of the winner of the Conservation Award until the moment of presentation at the dinner itself.

Speaker for the evening was Paul Brooks, editor, author and widely-known conservationist. Mr. Brooks is a Director of the Sierra Club, renowned for its vigorous and articulate defense of the national environment. As a Vice President and Editor-in-Chief of Houghton, Mifflin (just retired), Mr. Brooks was associated with Miss Rachel Carson in the publication of *Silent Spring* and with other famous writers in the field of natural history. A dedicated canoeist, hiker and outdoorsman, he is also a frequent contributor to the *Atlantic Monthly* magazine and author himself of *Roadless Area* which won the John Burroughs Award for the best nature writing of 1964.

Earlier in the evening Mr. Gordon Abbott, Jr., Director of The Trustees of Reservations, presented a summary report on the recommendations of the Future Policy Committee.

#### TAKING OF STEVENS-COOLIDGE PLACE PROPOSED

On Wednesday, November 5, 1969, the School Building Committee in North Andover voted unanimously to determine the feasibility of constructing a new high school on the Stevens-Coolidge Place, a

property owned by The Trustees of Reservations.

At a meeting of the School Building Committee on December 17, 1969, it was voted to request State Representative Paul W. Cronin to file a bill on behalf of the Town of North Andover to authorize the taking of land (Stevens-Coolidge) under control of The Trustees of Reservations, by eminent domain for school purposes.

It was also voted that the School Building Committee authorize the Chairman and the Superintendent to prepare the necessary articles for authorizing a bill in the legislature for the annual warrant at the next Town Meeting or Special Town Meeting.

A special ad hoc committee has been formed to represent The Trustees of Reservations in this matter. Its members are Chairman, Treasurer of The Trustees of Reservations Richard L. Frothingham, Executive Committee member John W. Kunhardt, Laurence M. Channing, Counsel for The Trustees of Reservations and Director Gordon Abbott, Jr.

The Trustees of Reservations plans to oppose the proposed taking of the property in the General Court and at Town Meeting.

(On March 14, 1970, Town Meeting voters overwhelmingly rejected a proposal which would have appropriated funds to acquire the Stevens-Coolidge Place by eminent domain for school building purposes. The final count showed 722 voters opposed, 154 in favor.)

#### NOTCHVIEW RESERVATION - WINDSOR

One of the development proposals in the 1967 Planning Report for Notchview was the establishment of a demonstration forest where woodland owners would be able to observe forest management

practices of a high quality.

Excited by the possibilities of this project and its potential contributions to the general environment, study of the proposal is continuing.

In consultation with the College of Agriculture at the University of Massachusetts, the Department of Landscape Architecture at Harvard University's School of Design, the Harvard University Forest in Petersham, the New England Forestry Foundation, the state Department of Natural Resources and the U. S. Forest Service, it has been generally established that, first, there exists a real and growing need for a landowner, general consumer-oriented program of woodland management. And second, that such a program, if initiated by The Trustees of Reservations, should concentrate on management designed to beautify the forest landscape.

Discussions presently propose a partnership with the New England Forestry Foundation, using its foresters for field seminars and its knowledge, reputation and skills in the establishment of demonstration areas.

Already an interpretive trail has been designed and marked at Notchview which will show woodland management techniques and practices, and demonstrate the biology of the forest.

Planning is underway for a Visitor Center and visual instruction facility where other tools and techniques of forest management, and methods of beautifying the forest landscape can be displayed.

Although this exciting project is in its early stages, initial reaction has been most enthusiastic. For their continuing interest and advice we are most grateful to Standing Committee member John T. Hemenway, Secretary-Treasurer of the New

England Forestry Foundation; John H. Noyes, Professor of Forestry and Wildlife Management at the University of Massachusetts; Dr. Ernest M. Gould, Jr., Acting Director and Professor of Forest Economics at the Harvard Forest; Kenneth E. Jones of Tyringham, Resident Forester, the New England Forestry Foundation.

Also this year at Notchview, we constructed a utility building which will provide urgently-needed housing for equipment. The structure, measuring 28 by 40 feet, was built by Notchview Superintendent Warren A. Drew and his staff, using wood products harvested on the property. With vertical board and batten siding, its simple architectural style harmonizes with other structures on the property.

For architectural advice here and in planning for the proposed visitor center, great thanks should go to Standing Committee member Daniel J. Coolidge.

The original trail system at Notchview, designed by Coordinator of Reservations Nathan W. Bates and constructed by Superintendent Warren A. Drew and his staff, is being expanded thanks to the interest and energies of a group of Appalachian Mountain Club hikers. Members of the AMC's Berkshire Chapter, the group is headed by Carl O. Chauncey of Springfield, chairman of the AMC Massachusetts and Rhode Island Trail Guide.

Mr. Chauncey and his companions have marked a proposed trail which follows the course of Steep Bank Brook to Windsor Jamb's State Park. For their assistance, and for their experience and understanding of the woodlands, we are most thankful.

We are also grateful to the officers and members of the Windsor Fire Department who razed, in a controlled burning early in the year, a dilapidated and possibly

dangerous structure on the easterly edge of the Reservation.

No news of Notchview would be complete without an expression of thanks for Superintendent Drew and his staff. A man of rare knowledge possessed with a multitude of country skills, Superintendent Drew now cares for maintenance needs not only at Notchview, but at the Bryant Homestead and other smaller Reservations west of the Connecticut River. Notchview continues to be Management Headquarters for the Western Region.

#### ADMINISTRATION

In 1968, a management study of the corporation proposed, in the area of personnel, the creation of a new administrative position. Garret F. VanWart joined The Trustees of Reservations as Deputy Director in February, 1969. He is responsible for the physical management of all Trustees properties, including planning, development, scheduling of operations and maintaining ecological records and files, as well as providing for the educational use of certain key areas.

A graduate of the University of Maine with the degree of Bachelor of Science in Wildlife Conservation, he has a wide knowledge of land management and forestry.

His abilities, so ably demonstrated as Director of the Blue Hills Trailside Museum in Milton, have been invaluable. As an ecologist, he brings a technical knowledge which is vital to the success of our operations. His organizational capabilities and his administrative talents have enabled us to set new standards of accomplishment and reach new goals to benefit in the management and use of all our properties.

In 1970, Coordinator of Reservations

Nathan W. Bates begins his 21st year with The Trustees of Reservations.

His immense variety of knowledge and his wealth of understanding of the purposes and aims of the corporation play an indispensable role in its day to day activities. Working together, he and Mr. VanWart have brought new efficiencies and a new professionalism to our program of landscape management.

#### GENERAL HEADQUARTERS

The heart of the organization is its headquarters staff, most particularly Office Manager Miss Elsie M. Carlson and Coordinator of Memberships Mrs. Elizabeth F. Bruehl.

With quiet capabilities and unusual skill they deal daily with such varied responsibilities as fund raising campaigns, payroll administration, land acquisition procedures, deeds, records, general correspondence, memberships, public relations, the coordination of meetings and conferences, and other duties too numerous to mention.

The immaculate condition of the Pierce House, General Headquarters of the organization, is testimonial to the care and concern of Head Hostess Mrs. Bernard J. Lynch, who also lends an able hand when the pressures of office work call for her assistance.

#### ADMINISTRATION AND STAFF

Without the loyal interest, dedicated concern, imagination and abilities of our administration and staff, The Trustees of Reservations simply could not function.

Some are full-time employees, others are regularly employed part-time on a seasonal basis. We are most grateful to them all. Their names and titles appear elsewhere in this report.

## PUBLIC AFFAIRS

Director Gordon Abbott, Jr. was chosen by Governor Francis W. Sargent to head a special Task Force on the Environment in December, 1968. A 41-page report was submitted by the Director to His Excellency in January, 1969 as the Governor began his new administration.

The Director also served as Chairman of the Workshop on Recreation and Conservation at a two-day conference of national interest on the future of Boston Harbor sponsored by the Legislative Commission on the Islands, Shoreline and Waters of Boston Harbor.

Mr. Abbott continues as a Director of the Conservation Law Foundation, as a Massachusetts Governor of The Nature Conservancy, as a member of the Executive Committee of the Steering Committee for Mount Greylock State Reservation and as a member of the Committee of Fisheries and Conservation.

Deputy Director Garret F. VanWart is active as a Vice Chairman of the Neponset Valley Conservation Committee. Mr. VanWart also provided information at a special hearing on environmental matters before the Governor's Special Task Force on Transportation in December, and serves as a member of a state Department of Natural Resources Committee presently studying the development of a state-wide trail system.

Coordinator of Reservations Nathan W. Bates continues as a member of the Metropolitan Area Planning Council's Technical Advisory Committee on Recreation and Open Space. He also serves on the Cohasset Planning Board.

## WILDLIFE FEDERATION HONORS TRUSTEES

On April 13, 1969, The Trustees of Reser-

vations received a state-wide award for achievements in the preservation of open space areas.

At a dinner in Lynnfield, the Massachusetts Wildlife Federation, a non-partisan organization of sportsmen and conservationists, honored The Trustees of Reservations at its Annual Conservation Awards Program. The award, accepted by Standing Committee Chairman Augustus P. Loring, cited the acquisition of World's End and Wasque Point.

## NEW SIGNS

An exciting new look in signs which identify properties owned by The Trustees of Reservations will start appearing in 1970. The new designs, with new lettering and new bright colors (our own green and yellow) are the result of a Sign Design Committee working with landscape architect John G. Gaffney of Cambridge. A graduate of the Harvard School of Design, Department of Landscape Architecture, Mr. Gaffney also helped revise the traditional pine tree symbol of the corporation, adding meaning and visual appeal while maintaining its simplicity, taste and traditions.

Members of the Sign Design Committee were Miss Amelia Peabody, David C. Crockett, Professor Charles W. Eliot II and Director Gordon Abbott, Jr.

## STORM DAMAGE

Three crippling winter storms, with high winds and heavy, wet snow, dealt a severe blow to our woodlands. Damage was particularly heavy in the Metropolitan area near the coast where snow contained a sizable amount of moisture. Properties hardest hit were the Crane Reservation, Whitney and Thayer Woods, Agassiz Rock Reservation and the Stevens-Coolidge Place. Snow drifts as high as six feet

helped isolate the Crane Reservation for four days.

#### NEWSLETTER AND ANNUAL REPORT

In 1969, the Standing Committee approved publication of a quarterly newsletter. The Annual Report was also revised and simplified.

#### GOVERNOR'S COMMISSION ON OPEN SPACE AND OUTDOOR RECREATION

The Governor's Advisory Commission on Open Space and Outdoor Recreation, first proposed by The Trustees of Reservations following a special conference in 1967 on *The Parkland Crisis in Greater Boston*,

submitted its report to His Excellency Governor Francis W. Sargent in November, 1969. The Governor supported the report's recommendations, including one which led to his proposal in October, 1969 to create an Environmental Quality Control Council.

Trustees' members of the Commission are Chairman, Dr. Andrew J. W. Scheffey; Secretary, Director Gordon Abbott, Jr.; John M. Woolsey, Jr.; Professor Charles W. Eliot II; Richard Borden; Robert P. Fitzgerald; Associate Professor Peter L. Hornbeck; Robert Livermore, Jr.; John W. Peirce and William L. Putnam. Thaddeus

*World's End*

Beal, also a member of our corporation and former Chairman of the Commission, was appointed Undersecretary of the Army in early 1969.

#### RESERVATION ACTIVITIES

Throughout the Commonwealth, the management of woodlands, fields, trails and flower gardens, the maintenance of museum houses, planning for continued protection of the vegetation and wildlife continue on our now 50 properties from the Berkshire Hills to Cape Cod and Martha's Vineyard. Brief highlights in this area of management follow.

#### STEVENS-COOLIDGE PLACE - NORTH ANDOVER

Planning here concentrated on providing a long-range management program for the continued preservation of the house and gardens. Working with the Department of Landscape Architecture at Harvard University and Associate Professor Peter L. Hornbeck, garden designs have been modified to bring them more in keeping with their original concept. New and exciting uses for the property are also being explored.

In all our activities here, Property Manager Arthur D. Bradley's careful attention to detail and genuine affection for the Stevens-Coolidge Place itself, have contributed to a high quality of achievement.

#### PEGAN HILL RESERVATION - DOVER AND NATICK

Thanks to the generosity of Mr. and Mrs. Barron P. Lambert, Jr., we have received a gift of some 13,000 square feet of land off Pegan Lane at the entrance to Pegan Hill Reservation. Thanks also to the owner's cooperation and concern for the area's future environment, the number of dwellings which may be constructed on neighboring land has been restricted for

an agreed number of years. Throughout the planning and discussion involved in this, the Chairman of the Local Committee George S. Mumford, Jr. has been most helpful. We owe him great thanks for his time and interest.

#### THE OLD MANSE - CONCORD

Security measures have been tightened here following the burglary which took place at The Old Manse in the fall of 1968. In planning for the security program we have had invaluable advice and assistance from the Concord Police Department and from Police Chief William J. Costello.

This year, The Old Manse welcomed a new Head Hostess, Mrs. Barbara Benton of Lexington. Under Mrs. Benton's direction the property completed another successful season. The Chairman of the Local Committee, Charles L. Ward of Concord, continues to direct operations at The Old Manse. His wisdom and understanding of community matters, his immense knowledge of the Manse and its place in history, as well as his unbounded energies in caring for scores of details, give the property the reputation for quality which it so justly deserves. Another key member of the Local Committee is Fiscal Agent Robert F. Needham, who balances a keen love of history with a fine pen for finances. We thank them both.

#### CHARLES W. WARD RESERVATION - ANDOVER

A program of acquisition here to protect existing qualities of the Reservation is continuing under the direction of John W. Kimball, Chairman of the Local Committee.

Some 260 acres will be added to the property's present 353 acres if the program can be completed. Phillips Academy

has generously offered a matching gift of 64 acres of Academy-owned land if the goal is reached. Some 32 acres have been acquired so far.

The new bog nature trail, designed and constructed by Mr. Kimball and biology students at Phillips Academy in Andover, was a great success in its first season, drawing school children and adult visitors throughout the area. Another trail is planned to emphasize the features of secondary succession and the temperate deciduous forest.

The maintenance of the Ward Reservation also continues under the direction of Mr. Kimball. For his time, his interest and the application of his skills and energies, we are enormously grateful.

#### PAMET RIVER RESERVATION - TRURO

The Trustees of Reservations provided environmental information for the Truro Neighborhood Association in connection with a proposal to dredge a portion of the Pamet River. We also expressed our concern on the effect of the proposal on the general ecology of the stream itself and surrounding marshes.

#### CHESTERFIELD GORGE RESERVATION - CHESTERFIELD

At a meeting of the Local Committee on September 12, 1969 the administration of the property was discussed, and it was agreed to raise parking fees and provide a Warden on weekends and holidays to supervise activities at the Gorge. The acquisition of additional land bordering the Reservation was also discussed to protect the banking of the river. The reconstruction of Route 143 is still progressing. The roadway, according to present plans, will cross Reservation property east of the Gorge. It will be designed by computer,

embracing important environmental values in the choice of its route.

#### WEIR HILL RESERVATION - NORTH ANDOVER

Preparation for initial research on a Master Plan for this magnificent 177-acre Reservation on the shores of Lake Cochichewick began in the spring of 1969 with a field trip on May 15. Chairman of the Local Committee Mrs. Horatio Rogers, Mrs. Douglas A. Chandler, Treasurer of The Trustees of Reservations Richard L. Frothingham, Director Gordon Abbott, Jr. and Deputy Director Garret F. VanWart toured the property cataloging vegetation. General environment of the area, its existing recreational facilities and future open space needs are under study. They will help determine the role of the Reservation and its relation to its community in the years ahead.

#### WILLIAM CULLEN BRYANT HOMESTEAD - CUMMINGTON

The Bryant Homestead completed its first year as a part of the newly-instituted regional management system in 1969. Superintendent Warren A. Drew, working out of Western Regional Headquarters at Notchview Reservation in nearby Windsor, undertook major repairs on the barn and completed changes in the plumbing system at the Homestead itself.

The Homestead also appeared in a folder entitled "Historic Plantation 5, Now Plainfield and Cummington." Designed to inform visitors about the area, it also included information on the Kingman Tavern and the Shaw-Hudson House in Plainfield.

Once again, we are indebted to the members of the Local Committee, and most especially to Chairman Philip Dater,

whose continued concern for the property and knowledge of its history has played a major role in its development as a museum.

#### PINE AND HEMLOCK KNOLL - WENHAM

A roadway to Wenham's Pleasant Pond, designed by the Public Access Board, state Department of Natural Resources, is still in the planning stages. It would, for the first time, open to public view the vista across Great Swamp, including Pine and Hemlock Knoll.

#### TYRINGHAM COBBLE - TYRINGHAM

Concerned by the growing problem of field succession, particularly on the upper pastures of this magnificent property, The Trustees of Reservations authorized a program this fall to cut back multiplying white pine and juniper and restore vistas which had overgrown.

Great thanks again should go to the Local Committee and to Chairman Dr. Rustin McIntosh for direction of the project and for their continuing interest in the Cobble's preservation as a natural area.

#### BEAR SWAMP RESERVATION - ASHFIELD

With the western boundary of some 67 acres of land owned by Mr. and Mrs. Gouveneur Morris Phelps determined and surveyed this fall, it is hoped that the proposed gift of this property will complete the initial Reservation this year.

#### HOLMES FIELD - PLYMOUTH

Study is still continuing on the use of the shorefront portion of the Reservation. The area was inspected with Local Committee members Martin B. Person, Jr., Chairman, and Ralph Weaver in September. We continue to express our gratitude to Arrigo Guidaboni, Superintendent of the Ply-

mouth County Farm, for his help in maintaining the area.

#### MOUNT ANN PARK - GLOUCESTER

Working with the state Department of Public Works' regional office in Danvers, we will, next spring, improve landscaping at the entrance of the Reservation. Replacement of the rustic fencing is planned, as is a minimal planting program to improve the appearance of the state-owned rest area and Mount Ann Park. Both are enjoyed by thousands of visitors annually. Local Committee members Mrs. Henry Davis Minot, Chairman, Mrs. Otis N. Minot and James J. Minot met at the Reservation in the fall. The City of Gloucester also plans to cross the westerly end of the Reservation with a stream which will carry water from Dykes Meadow Reservoir to Haskell Pond.

#### LOWELL HOLLY RESERVATION - MASHPEE

Following a meeting of the Local Committee here it was generally agreed that Mashpee River Reservation and Lowell Holly should be combined into one management unit.

Meanwhile, plans to relocate the parking area and related facility structures to enhance the Reservation's natural environment, are continuing under the direction of Local Committee Chairman Wilfrid Wheeler, Jr., Deputy Director Garret F. VanWart and Coordinator of Reservations Nathan W. Bates.

#### PROPERTIES INSPECTED

Nineteen properties were inspected and surveyed in 1969. In keeping with Trustees policies, some were referred for preservation to state or local agencies and organizations. The corporation also has reason to believe it will acquire other

attractive areas in the future as a result of efforts this year.

#### LOCAL COMMITTEES

Our Local Committees continue to play a vital role in the preservation of their own special areas. Without their interest, their knowledge and their very real affection for their properties, we would lose a quality and dimension which is crucial to the success of our mission.

#### THANKS AND APPRECIATION

Finally, with sadness, we report the deaths of the following members of the corporation. Their interest and loyalty to The Trustees of Reservations will be remembered always with thanks and appreciation:

Sidney L. Beals  
Edward W. Forbes  
Alva Morrison

This year Daniel J. Coolidge retires from the Standing Committee to take up a new role on the Advisory Council. He promises to be no less active than in the past. As a conservationist his wisdom and judgment have helped guide the successful accomplishments of our organization. And as an architect, his professional knowledge, experience and taste have, and will continue to be, of vital importance in the implementation of our programs.

Another Standing Committee member who will join the Advisory Council is Robert P. Fitzgerald. As a member of the Planning Committee for the Parkland Conference, his ideas and energies helped insure its success. Widely respected for his administrative abilities and his concern for the quality of the general environment, his knowledge of community affairs and the workings of government on both the state and national levels has been of enormous

value in helping attain our objectives.

#### NEW STANDING COMMITTEE MEMBERS

New Standing Committee members are the Hon. Francis W. Hatch, Jr. of Beverly and Thomas L. P. O'Donnell of Hingham.

Mr. Hatch, a member of the House of Representatives of the Great and General Court, needs little introduction to those interested in the environment. He is an author of legislation which protects the Commonwealth's inland wetlands, popularly known now as the "Hatch Act." He was a member of the former Air Pollution Commission and, on the North Shore, he was a leader in the successful campaign to prevent the destruction of hundreds of acres of open space with overhead wires.

In 1966, he won the Sears, Roebuck Foundation New England Regional Conservation Award, and in 1969, the New England Wildflower Society Conservation Medal.

An avid outdoorsman, he is also President of the Merck Forest Foundation in Ruppert, Vermont.

Mr. O'Donnell, an attorney, is a partner of Ropes & Gray. Town Moderator in Hingham, he was a member of the original World's End Campaign Committee and presently serves on the Reservation's Local Committee.

He is also Chairman of the Board of the Boston Municipal Research Bureau and is a member of the Governor's Labor and Management Advisory Council.

A sailor, a lover of the out-of-doors, he is a loyal supporter of the Friends of Hingham Conservation.

In 1970, also, Dr. Charles H. W. Foster joined the Advisory Council of The Trustees of Reservations.

A distinguished ecologist and environmentalist, Dr. Foster presently directs the New England Natural Resources Center in Boston. A former Commissioner of the Massachusetts Department of Natural Resources and a former national President of The Nature Conservancy, his accomplishments and knowledge in the field of environmental sciences are widely known and universally respected.

In 1967 he was the winner of The Trustees of Reservations Annual Conservation Award. Dr. Foster has been a member of our corporation for many years.

We welcome them aboard and look forward in the exciting years ahead to working with them on programs to maintain and improve the quality of our environment.

The Standing Committee also wishes to express its thanks to all the many friends of the Trustees, old and new, whose loyalty, support, dedication and interest in conservation throughout the Commonwealth, continue the spirit and ideals which created the Trustees now 78 years ago.

### LOCAL COMMITTEE

*Chairman:* Miss Frances L. Burnett  
Bertram W. Allen, Mrs. E. Sturgis Hinds,  
G. Endicott Putnam, George Putnam, Jr.  
and Daniel F. Slade

Agassiz Rock Reservation, whose huge boulders tell a fascinating story of glacial times, was acquired by The Trustees of Reservations in 1957. The original 28.8 acres and an endowment of \$5,000 were given by Arthur W. Stevens. In 1958, Mr. Stevens gave another 46 acres. In 1960 and 1961, 7.8 acres and 2.72 acres were purchased by The Trustees of Reservations. Samuel Knight & Sons Co. gave 6.17 acres in 1962. And in 1963, four acres were purchased with funds provided by area residents.

An additional acre of woodland was given in 1964 by Miss Doris E. Peabody and Mrs. John B. Warner in memory of their grandfather, William A. Stone, and their great uncle, Charles H. Stone. Approximately three acres of woodland were acquired in 1965 through the generosity of Edwin F. Butler of Manchester, Roland E. Butler of Maine and Dorothea Butler and Barbara Babin, both of Michigan. The land was given in memory of Nelson A. Butler, formerly of Manchester.

In December 1967, The Trustees of Reservations acquired 4.2 acres from the heirs of Eva Rand.

## BARTHOLOMEW'S COBBLE

*Ashley Falls - 167 acres*

### LOCAL COMMITTEE

*Chairman:* Morgan G. Bulkeley

Hal Borland, Boughton Cobb, Mrs. Lawrence K. Miller, Mrs. Milton C. Rose, Alvah W. Sanborn, John Storer, Matthew Tomich, Jr. and Robert K. Wheeler

Bartholomew's Cobble, whose high limestone knolls look out on the winding Housatonic River, was acquired by The Trustees of Reservations in 1946. Famed for its wild flowers and plants, waterfowl, marsh and song birds, the Cobble was purchased with funds raised from subscription. In 1963, The Trustees of Reservations purchased the ox-bow meadow peninsula and a 20-foot strip along the east bank of the Housatonic, a total of about 14 acres. A parcel of some eight acres east of Andrus Road was purchased in 1968.

In 1969, some 115 acres were added to Bartholomew's Cobble Reservation. The area, Hurlburt's Hill with its magnificent high pasture and Hurlburt's Woods, with two of the largest tulip trees in Berkshire County, borders Weatogue Road west of the Cobble itself.

## BEAR'S DEN

*North New Salem - 3.4 acres*

### NO LOCAL COMMITTEE

The Bear's Den, a tiny grotto where once the great King Philip gathered with his chieftains to plan the march and massacre of white villages along the Deerfield River, was bequeathed to The Trustees of Reservations by Mrs. Grais Burrage in 1968. The Reservation, northwest of Quabbin Reservoir, totals 3.4 acres.

## BEAR SWAMP RESERVATION

### **LOCAL COMMITTEE**

*Chairman:* Clarence E. Swenson  
Rolf R. Benzian, Dr. Edward H. Baldwin,  
Charles A. Bisbee, Jr., Rev. Benson H.  
Harvey, Morris Healy, Miss Geneva Sayre  
and Mrs. Clarence E. Swenson

Chesterfield Gorge Reservation, where the waters of the Westfield River flow through a deep canyon sided with sheer granite cliffs and fringed with hemlock and spruce, was established in 1929. To save the area from logging, The Trustees of Reservations initially acquired 17.5 acres. Five and one-half acres on the west bank were added in 1929, subject to the life tenancy of Mr. and Mrs. Frank W. Thayer. Contributions for this purchase were made by Mrs. Stanley King and Sidney L. Beals. In 1950, inspired by the interest of Mrs. Clarence E. Swenson, the Pioneer Valley Association gave The Trustees of Reservations 30 acres on the east bank. In 1955 the Quinnehtuk Company gave an additional five acres. Another three acres of river bank were purchased in 1963. One hundred acres of forest land adjoining the east side of the Gorge were purchased from Joseph E. Gagnon in 1965. Included was a section of the old stage road.

## **RICHARD T. CRANE, JR. MEMORIAL RESERVATION**

*Ipswich - 1,326 acres*

### **LOCAL COMMITTEE**

*Chairman:* Sidney N. Shurcliff  
Francis R. Appleton, Jr., Mrs. Cornelius

Crane, David C. Crockett, Dr. Robert L. Goodale, George R. Mathey, Arthur H. Phillips, Neil C. Raymond, Jr., John C. Vincent, Jr., Frederic Winthrop and Col. Charles E. Coates, Secretary

The Crane Reservation, whose sand dunes, salt marsh and steep upland stretch for more than four miles along the shore of Ipswich Bay, was established in 1945.

One thousand acres of beach and dune were given to The Trustees of Reservations in memory of Richard T. Crane, Jr., by Mrs. Richard T. Crane, Jr. and members of the Crane family. In 1949, some 300 acres of beach, dune and salt marsh — the major portions of Castle Hill, Middle Hill and Steep Hill — as well as 50 acres adjoining Castle Neck Beach, were added to the Reservation. In 1952, Florence Crane Belosselsky exercised her option to acquire 55 acres. In 1953, 16 acres were given to the Town of Ipswich. Patterson Island, 22.75 acres, was added to the Reservation in 1957, the gift of Cornelius Crane.

In 1965, Mrs. Regina Dodge Eliot gave some 10 acres of salt marsh adjacent to the Reservation. Easements on marshland adjacent to the Castle Neck River were the gift of Professor and Mrs. Charles W. Eliot II in 1966. The Crane Reservation is Management Headquarters for the Northeast Region of The Trustees of Reservations.

## **CROWNINSHIELD ISLAND**

*Marblehead - 5 acres*

### **LOCAL COMMITTEE**

Charles S. McIntyre and W. Henry Barry

Crowninshield Island, whose pink granite shoreline, small salt marsh and sandy beach form the seaward side of Dolliber

Cove, is named for Mrs. Francis B. Crowninshield, a resident of nearby Peach Point for many years and one of the nation's leading advocates of historic preservation. Mrs. Crowninshield gave the island to The Trustees of Reservations in 1955. It has an endowment of \$15,000.

## **DINOSAUR FOOTPRINTS RESERVATION**

Richard Phippen

Pine and Hemlock Knoll, a wooded esker on the edge of Wenham's Great Swamp,

was given to The Trustees of Reservations in 1936 by Dr. John C. Phillips.

## **REDEMPTION ROCK**

*Princeton - ¼ acre*

### **LOCAL COMMITTEE**

Mrs. Waldo L. Whitcomb

Redemption Rock, where colonial leader John Hoar negotiated with a band of Indians for the release of Mary White Rowlandson of Lancaster, was given to The Trustees of Reservations in 1952 by John Hoar and John Hoar, Jr. The historic area was first acquired in 1889 by Senator George F. Hoar, one of the founders and first presidents of The Trustees of Reservations. Senator Hoar gave the property to John Hoar in 1901.

## **ROCKY NARROWS**

*Sherborn - 53 acres*

### **LOCAL COMMITTEE**

*Chairman:* Mrs. George Lewis, Sr.  
Henry M. Bliss, John Grew, Charles E. Lillie, John Plimpton, Richard Saltonstall and Mrs. Lucien B. Taylor

Rocky Narrows, where the Charles River winds between rocky ledges crowned with hemlock, was acquired by The Trustees of Reservations in 1897. Nearby was a fort for defense against the Indians, taken down in 1806. The famous Indian Trail, known as Connecticut Path, is about one mile downstream from the Narrows.

## **ROCKY WOODS RESERVATION**

*Medfield - 431 acres*

### **LOCAL COMMITTEE**

*Chairman:* Mario Pederzini  
Ellis N. Allen, G. W. Byron, Thomas Frasca, Dr. Earle Legge, S. Ernest Luttazi, Jr., Phillip Pember, Patrick Ray,

Robert E. Smith and Thomas B. Williams

Rocky Woods, where grey granite ledges climb the slopes and quiet ponds mirror the blue sky above, was given to The Trustees of Reservations by Dr. Joel E. Goldthwait in 1942. An additional 128 acres were added to the Reservation later. Rocky Woods provides natural ice skating for thousands of visitors annually. Rocky Woods is Management Headquarters for the Southeast Region of The Trustees of Reservations.

## ROYALSTON FALLS RESERVATION

*Royalston - 205 acres*

### LOCAL COMMITTEE

*Chairman:* Philip Dana Orcutt and Professor William Thomson

Royalston Falls, where Falls Brook flows through a natural gorge and Wyman Hill rises to 1,100 feet, was given to The Trustees of Reservations by Mr. and Mrs. George L. Foote in 1951. Mr. and Mrs. Foote gave an additional five acres to the Reservation in 1954.

## STEVENS-COOLIDGE PLACE

*North Andover - 89 acres*

### LOCAL COMMITTEE

*Chairman:* Roland B. Hammond  
Mrs. Douglas A. Chandler, Henry L. Donovan, Lawrence G. Eliot, Mrs. Roland B. Hammond, Thomas W. Leavitt, Mrs. Charles T. McCarthy, John L. Roberts, Mrs. Horatio Rogers, Horace N. Stevens, Jr., Mrs. Walter M. Whitehill and Walter M. Whitehill.

The Stevens-Coolidge Place, where landscaped gardens, a serpentine wall and rich pasture land combine to create the simple

charm of a New England farm with the comfort and formality of modern country living, was bequeathed to The Trustees of Reservations by Mrs. Helen S. (Stevens) Coolidge in 1962.

## TANTIUSQUES RESERVATION

*Sturbridge - About 55 acres*

### LOCAL COMMITTEE

*Chairman:* Frank T. Haynes  
Roger B. Chaffee, Charles J. Ciaffone, Lewis E. Howlett, Robert E. LaFontaine and Alexander J. Wall

Tantiusque, a graphite or black lead mine first discovered by the Indians and granted to John Winthrop, Jr. in 1644, was given to The Trustees of Reservations in 1962 by Roger B. Chaffee in memory of Professor George H. Haynes, a teacher at Worcester Polytechnic Institute.

## TYRINGHAM COBBLE

*Tyringham - 206 acres*

### LOCAL COMMITTEE

*Chairman:* Rustin McIntosh  
Rev. Franklin L. Couch, G. James Fawcett, Arnold Hale, Walter D. Howard and Mrs. Francesca G. Palmer

Tyringham Cobble, whose steep pasture slopes (1,300 feet) overlook Tyringham Valley, the bubbling waters of Hop Brook and the tiny town itself, was acquired by The Trustees of Reservations in 1963. It was the gift of Dr. Rustin McIntosh, Mrs. Francesca Gilder Palmer and Edward N. Perkins. A bequest of Mrs. Olivia James gives the Reservation an endowment of \$20,000.

## CHARLES W. WARD RESERVATION

*Andover - 358 acres*

### LOCAL COMMITTEE

*Chairman:* John W. Kimball  
Mrs. C. Carleton Kimball, George K.  
Sanborn and Frederic A. Stott

The Ward Reservation, where visitors can climb 420-foot Holt Hill, the highest hill-top in Essex County, or walk a self-guided nature trail and learn the fascinations of a typical northern bog, was acquired by The Trustees of Reservations in 1940. Mrs. Charles Ward gave the original 154 acres with endowment in memory of her husband. Subsequent gifts were made by Dr. Charles L. Ward, Jr., Mrs. Ward, Phillips Academy, Mrs. C. Carleton Kimball, and Charles L. Ward. With help from contributions, The Trustees of Reservations purchased an additional five acres in 1968.

## WASQUE RESERVATION

*Chappaquiddick Island, Martha's Vineyard - 80 acres*

### LOCAL COMMITTEE

*Chairman:* Oliver D. Filley, Jr.  
Mrs. Perkins Bass, Alfred Doyle, Daniel P. Gaines, Harold B. Kelley, Jr., Francis Le-land, Christopher S. Look, Charles E. Mason, Jr., Richard Parmenter, William W. Pinney, Mrs. Robert G. Potter, Jr., Russell B. Stearns, Mrs. Diana B. Vauclain and Mrs. Seth Wakeman

Wasque, a lone and lovely land of moor and beach, marsh and salt pond, where the cry of sea birds mingles with the pounding surf, was acquired by The Trustees of Reservations in 1968. Initial acquisitions were made possible through the generosity of residents of Chappaquiddick

Island and Martha's Vineyard. A general fund drive raised more than \$170,000 to complete the preservation of the property. The Trustees of Reservations will take title to portions of area each year until ownership is complete. Wasque will eventually total 200 acres.

## WEIR HILL RESERVATION

*North Andover - 177 acres*

### LOCAL COMMITTEE

*Chairman:* Mrs. Horatio Rogers  
Mrs. Douglas A. Chandler, Henry L. Donovan, Lawrence G. Eliot, Mrs. Roland B. Hammond, Roland B. Hammond, Thomas W. Leavitt, Mrs. Charles T. McCarthy, John L. Roberts, Horace N. Stevens, Jr., Mrs. Walter M. Whitehill and Walter M. Whitehill

Weir Hill, whose wooded ridges face the curving shoreline of Lake Cochichewick, was acquired for preservation by The Trustees of Reservations in 1968 from the estate of Abbot Stevens. Overlooking the original Stevens mill, now J. P. Stevens & Company, Inc., at the head of Stevens Pond, the Reservation harbors a host of wild flowers in the spring. Straight stone walls tell the story of ancient pastures and the leaves of shag-bark hickory, birch, poplar and aspen rustle in the wind.

## WHITNEY AND THAYER WOODS

*Cohasset and Hingham - 795 acres*

### LOCAL COMMITTEE

*Chairman:* Nathan W. Bates  
George Benedict, Everett W. Gammons, Hollis T. Gleason, Edward A. Mulvey and John F. Visser, Jr.

Whitney and Thayer Woods, where rhododendrons and azaleas bloom on Milliken Memorial Path and Turkey Hill (187 feet)

looks out over Cohasset Harbor and the tall spire of Minot's Light, was first established in 1933 with a gift of 643 acres and endowment of \$10,000 from the Whitney Woods Association. In 1935, Bancroft Sanctuary, 25 acres, was given by the Federation of Bird Clubs of New England. Mrs. Hugh Bancroft gave 20 acres in 1937. Charles B. Barnes and family gave 10 acres in 1941. In 1943, Mrs. Ezra Thayer gave 28 acres in Hingham. Joseph Sapanaro gave eight acres in 1950. From 1944 to 1961, 184 acres were purchased. For military reasons, the Federal government has taken 135 acres. In 1965 and 1966, Mrs. Kenneth L. Ketchum gave 11.7 acres.

## WORLD'S END RESERVATION

*Hingham - 249 acres*

### LOCAL COMMITTEE

*Chairman:* Samuel Wakeman  
Robert Bouve, Harold T. Davis, Edward H. Hutchinson, Jr., Miss Anne L. Lincoln, Edward B. Long, Samuel P. Newbury, Thomas L. P. O'Donnell, Hon. Paul C. Reardon, Ebed L. Ripley, Laurence B. Stein, Jr., Henry W. Stokes, Philip O. Swanson and Mrs. Arthur E. Whittemore

World's End, whose dramatic topography and magnificent landscaping (designed in 1890 by Frederick Law Olmsted) have won admiration for more than half a century, was acquired by The Trustees of Reservations in 1967. In an extraordinary effort, some \$450,000 was raised from public subscription, primarily in Hingham and on the South Shore, to assure its preservation as a natural area.

# Reservation Reports

## NORTHEAST REGION

At the Crane Reservation in Ipswich, implementation of the Master Plan and the initiation of an erosion control program began in 1969. Winter storms swept away dune areas near the parking area. Heavy snows in February downed trees and isolated the Reservation for five days. The new refreshment facility and office building were completed in early spring. During the 1969 summer season a total of 46,874 passenger vehicles and 177 busses visited Crane Beach. The Reservation, now Management Headquarters for the Northeast Region, continues its maintenance of Agassiz Rock Reservation in Manchester, Mount Ann Reservation in Gloucester and Halibut Point Reservation in Rockport.

At the Stevens-Coolidge Place in North Andover, planning began for the property's future use as a natural and historic area. In March 1970, Town Meeting voters defeated a proposal which would have taken the Stevens-Coolidge Place by eminent domain for school building purposes. A growing number of visitors continue to enjoy the house and grounds.

At the Charles W. Ward Reservation in Andover, the bog nature trail was further improved this year by the publication of an illustrated guide describing its features. The descriptions in the pamphlet are keyed to numbers installed on the boardwalk. Copies of the pamphlet are always available in a weather-proof stand constructed by the local firm of Fitzgerald, Henderson and Porter. The firm generously donated the stand to the Ward Reservation. Thanks to considerable publicity and the availability of the guide, the bog nature trail was used extensively during the summer and fall. Among the many visitors to the bog were a

number of school and youth groups. Almost 300 copies of the guide were purchased by visitors. On Sunday afternoon, June 1, fire broke out on the Reservation on the southern slope of Boston Hill. A brisk wind and the abundance of ground juniper caused the fire to spread rapidly. The fire departments of North Andover, Andover, North Reading, Middletown, and the Department of Natural Resources responded, and the blaze was brought under control by evening. Approximately 13 acres were burned over. Looking at the bright side of things, however, the virtually complete destruction of all vegetation above ground level will provide a valuable opportunity to study the stages of recovery. Thus a demonstration of this aspect of plant succession will be added to the examples of bog, bare-rock, and old-field secondary succession that now exist on the Reservation. Late in the year, work began on a new fire lookout tower on the summit of Holt Hill. When it is completed early in 1970, the present tower will be torn down. A large steel grill, which can burn either wood or charcoal, was installed at the picnic site established last year near the towers. All the trails on the Reservation were sprayed where needed to control poison ivy and were cleared of brush. The latter was once again carried out by Mr. George Sanborn with the help of students from Phillips Academy.

At Pine and Hemlock Knoll in Wenham, weather conditions caused by a series of wind and snow storms during two winters has brought down a number of trees of varying sizes. Woodlands and trails will be cleared this year as finances allow. The Public Access Board (Commonwealth of Massachusetts), in conjunction with the

Wenham Conservation Commission, plans to improve the access to Pleasant Pond. A new roadway will border the Reservation.

Misery Islands Reservation in Salem Bay began its intensive management program this year. The results have been remarkable. An estimated 14,000 persons enjoy this day-use area throughout the season.

At Mount Ann Park in Gloucester, landscaping at the entrance of the Reservation is being improved with the cooperation of the Massachusetts Department of Public Works.

At Crowninshield Island in Marblehead, a landscape program has concentrated on pruning vegetation and the removal of weed trees.

At Halibut Point Reservation in Rockport, new signs and an honor box have been installed. Planning continues to concentrate on improving the visual approaches to the Reservation. Trail surfaces also need attention. Warden Mrs. Robert E. Silva reports that 2,973 vehicles visited the area during the season. Robert E. Silva retired as Warden last year. The Local Committee and The Trustees of Reservations extend their great thanks for his many years of care and devotion to the property.

At Weir Hill Reservation in North Andover, planning continues to focus on long range policies which will preserve the area's great natural beauty. Responsibility for the property's immediate management has been assigned to the Stevens-Coolidge Place.

At Agassiz Rock Reservation in Manchester, trail surfaces have been restored. A post and chain barrier was also installed at the entrance of the Reservation to halt use of the area by motorized vehicles.

## SOUTHEAST REGION

At Wasque Reservation, with the campaign for \$170,000 to purchase and preserve the property successfully completed, Foster B. Silva of Chappaquiddick was appointed Superintendent of both Wasque Reservation and Cape Poge Wildlife Refuge. Work was also begun on a Master Plan which will identify the area's resource values and provide plans and policies which will protect and preserve them in the years ahead.

At Pamet River Reservation in Truro, The Trustees of Reservations assisted the Truro Neighborhood Association in its efforts to preserve the natural environment of the Pamet River and its surrounding salt marsh.

At Menemsha Hills Reservation in Chilmark, Robert G. Lawrence was elected a member of the Local Committee. Trail markers were installed to guide hikers and plans were made to brush out the service roadway.

At Lowell Holly Reservation in Mashpee, with the intensity of use increasing each year, the Local Committee initiated action which will lead to a Master Plan for the area. Of prime importance is the protection of the stand of American holly. The Master Plan will also propose policies for control of vehicles and boats which are visiting the Reservation in growing numbers. A joint management program will include nearby Mashpee River Reservation. Members of the Local Committee also express their great thanks to Warren Hicks, Chief of the Mashpee Fire Department, for his assistance and advice in the administration of the property and to Colonel G. G. Bingham, Chief of Police, Mashpee, and Warden Ferdinand Mills who retired at the end of the 1969 season.

At Whitney & Thayer Woods in Cohasset and Hingham, management included a program of trail maintenance. The former Naval

Ammunition Depot in Hingham, some 2,800 acres, now the property of the Massachusetts Department of Natural Resources, was opened in 1969 as Wampatuck State Park. The land borders Whitney & Thayer Woods. A cooperative program is planned. Standing Committee member John W. Kunhardt serves as a member of the Wampatuck Advisory Council, a citizen planning committee for the new state park.

At the Holmes Reservation in Plymouth, planning has begun to help determine future land use policies at Holmes Field and at the Reservation's waterfront area.

## BOSTON REGION

At Rocky Woods Reservation in Medfield, members of the Local Committee continue to implement early stages of the Master Plan. Major structural improvements were made at the skating shelter and work was begun on a new shop building. As Management Headquarters for the Southeast Region, Rocky Woods serves the needs of many properties throughout the state. The Master Plan Study Committee owes thanks to the Soil Conservation Service, United States Department of Agriculture and to the Department of Natural Resources, Division of Fisheries and Game for help in the collection of Master Plan inventory information. During the past year, four members of the Local Committee for Rocky Woods resigned because of the pressure of responsibilities elsewhere. To Howard Tisdale, Alden Pember, Manual Frasca and Thomas Child goes heartfelt thanks for their many years of service to Rocky Woods. Once again, the picnic shelter at the Reservation provided enjoyment for scores of organizations. Among them were Maimonides; Bentley College; Turkish-American Cultural Society; Islington School; Girl Scouts from Weston, Norwood, Dedham and Medfield; Weston

Senior Citizens; Edison Employees; Boy Scouts from Weston, Norwood, Dedham, Medfield and Wellesley; Stratford Baptist Church; First Parish Church of Needham; Viking Club; St. Andrew's Choir; St. Andrew's Church of Framingham; Dedham Men Teachers; Health, Education and Welfare, Boston Unit; Dover Couples Club; Honeywell Company; National Screw Machinery Company, Needham; Presbyterian Church; Raytheon Company; Massachusetts General Hospital Student Nurses; Rainbow Girls; Italian Christian Church of Norwood; Everett Golden Age Group; Paraplegic Veterans, West Roxbury; Capital Records; Ricker College; Houghton Mifflin Company; National Cash Register; Cecil Fogg Post American Legion; General Foods; Jimmy's Harborside; Thom McAnn; Scramble Eights; Fernandes Super Market; R. J. Reynolds Tobacco Company; Medfield Lions; Bain Family and the Heath School.

At The Old Manse in Concord, planning centered on how to accommodate a growing number of visitors which at times reaches a total of 400 daily. An "ad hoc" committee was appointed in May, 1969 to study the problem. Its recommendations have been implemented. The results have been satisfying. Now admission is by tickets taken at the front door. The tickets are available in the woodshed on the south side of the house. Other items such as booklets, maps, postcards and so forth, are also available in the shed. The charge for tickets has also been raised from 50 cents to 75 cents for adults. Adjustments in other fees have meant The Old Manse is now comparable with other historical houses in Concord. The maximum size of tour groups has been reduced from 20 to 10 persons to enable each visitor to derive more enjoyment from his tour, and the number of guides has been increased in

order to serve the larger number of groups more effectively. Head Hostess Mrs. Barbara Benton, whose energy and interest in The Old Manse has immeasurably increased its attractiveness as a museum, proposed that guides wear historic costumes.

Mrs. Benton acquired material and designs. Each girl made herself the dress she wore on duty. Both guides and visitors are delighted with the results. After considerable research, a security alarm was also installed at The Old Manse and all overhead power lines were led underground. Unfortunately, four elms fell victim to disease. Their removal was a necessity. A cooperative program with the National Park Service continues, as does planning for continued preservation of The Old Manse itself in view of increasing numbers of visitors.

At World's End Reservation in Hingham, an intensive effort was begun to acquire a Master Plan for the management and protection of the magnificent 250-acre property. A study committee was appointed. The plan itself will be compiled by the Research Officer of the Department of Landscape Architecture at Harvard University's School of Design.

At Medfield Rhododendrons in Medfield an analysis of the management of the stand of Rosebay rhododendrons was made by Deputy Director Garret F. VanWart and Robert Williams, Superintendent of Buildings and Grounds, Arnold Arboretum, Brookline. Observation showed that the general health and condition of the stand was excellent with the exception of a minimal amount of winter storm damage. New efforts will be made to control the succession of neighboring trees and shrubs. A management report has been prepared.

At Pegan Hill in Dover, arrangements were made with a neighboring landowner which will help maintain the natural environment

of the area for some time to come.

At Charles River Peninsula in Dover, management concentrated on increasing the security of the area which was jeopardized by unauthorized motor vehicles on the property.

At Rocky Narrows Reservation in Sherborn, a program of woodland management has cleared brush from the trails, pruned trees and piled slash immeasurably improving the appearance of the Reservation.

At the Pierce House in Milton, General Headquarters of The Trustees of Reservations, storm windows were acquired to protect the property against winter winds which sweep across Boston Harbor and the Neponset River from the north. The house was also painted where necessary. Other maintenance was routine.

## CENTRAL REGION

The Bear's Den in North New Salem began its first year as a public Reservation in 1969. Protection of the delicate ecology of this charming property is vital. A planning program will be launched shortly.

At Royalston Falls Reservation in Royalston, wire fencing at the falls is scheduled to be replaced with a control barrier better designed to harmonize with the natural environment. The beauty of the area continues to be admired by visitors throughout the year.

At Elliott Laurel Reservation in Phillipston, winter ice storms have carried away branches and blocked trails. A management program has been scheduled. Efforts are also continuing to acquire two open fields east and west of the Reservation. Their acquisition is considered vital to protect the integrity of the property itself.

## WESTERN REGION

Highlight of the year was the decision of the Standing Committee to initiate a campaign to protect the special qualities of Bartholomew's Cobble and the character of its surrounding landscape with further land acquisitions and the preservation of the neighboring Colonel John Ashley House constructed in 1735. Hurlburt's Hill and Hurlburt's Woods, some 115 acres bordering the Cobble along Weatogue Road, were acquired in December, 1969. The campaign goal was set at \$167,500. It includes funds for land acquisition, as well as the purchase of the Ashley House and an endowment for its perpetual care. Morgan G. Bulkeley of Pittsfield is chairman of the Bartholomew's Cobble - Colonel John Ashley House Campaign Committee. Honorary Chairman is Lawrence K. Miller also of Pittsfield. A \$25,000 matching grant from the Beinecke Foundation of New York City and a \$5,000 gift from The Berkshire Eagle started the campaign on its way this spring. Attendance at Bartholomew's Cobble in the 1969 season dropped six percent below last year's 2,700 paid admissions as a result of a rainy July and August; nevertheless, the 2,534 were second to that all time high, and, with accompanying children, who were admitted without charge as usual, represent more than 5,000 visitors.

At Naumkeag in Stockbridge, the primary concern has been long-range planning for the restoration, preservation and maintenance of the museum house itself and other buildings and grounds. Improvements on the property included two coats of paint on wood trim, windows, porches and doorways as well as the renewal of glazing and some roof repairs. The death of Caretaker Robert R.

Crighton occurred in February, 1970. It was the end of an era at Naumkeag. Mr. Crighton had been with the property for some 45 years. His knowledge of horticulture and his devotion to Naumkeag will be missed enormously. In June, 1970 Stanley I. Piatczyc was appointed Superintendent of Naumkeag and The Mission House. The annual "Peony Days," May 30 through June 2, and "Stockbridge Days," June 28 and 29, preceded the regular season, which ran from July 1 to August 30 daily, except Mondays. Weekend openings continued through Columbus Day. Attendance totaled some 1,710 persons. Twenty-one states and eight foreign countries were represented. Naumkeag was also the site of a luncheon for members of the New England Conservatory of Music and a meeting of the Berkshire Historical Society.

At The Mission House in Stockbridge, attendance in 1969 totaled 1,932 persons, somewhat less than last year because of rainy weather towards the end of the season. Again, here as at Naumkeag, efforts concentrated on repair and restoration, including a pest control program with special emphasis on the lyctus beetle. Plans were also developed for modifications in garden design.

At Notchview Reservation in Windsor, a circuit trail system was established and a storage barn constructed for livestock and heavy machinery.

At Monument Mountain in Great Barrington, the picnic area continued to provide enjoyment for countless numbers of visitors throughout the season.

At Tyringham Cobble in Tyringham, a program was initiated in the fall of 1969 to meet the problem of field succession. White pine and juniper on the Reserva-

tion's steep pasture areas were removed and vistas were cleared.

At Chapelbrook in South Ashfield, visitors use increased to some 250 to 300 persons a week during the warmer weather. The area is also enjoyed by a growing number of persons during the winter months.

At Dinosaur Footprints in Holyoke, a management program is being devised which will help restore the natural environment of the area and preserve its archeological values.

At Chesterfield Gorge in West Chesterfield, management policies continue to be directed at maintaining the magnificent beauty of this remarkable natural area. Parking fees have been increased to

help support the appointment of a summer warden. New fencing is planned along the Gorge itself. Coordination is continuing with the Massachusetts Department of Public Works on planned changes in Route 143 which will cross Reservation property.

At the Bryant Homestead in Cummington, repairs have been made on the barn and on the water system at the Homestead itself.

At Bear Swamp Reservation in Ashfield, survey work helped establish the eastern boundary of property scheduled as a gift to Bear Swamp Reservation. Owned by Mrs. Gouveneur Morris Phelps, the area totals some 67 acres.

# History & Organization

In 1890, long before the present national interest in the environment, a young landscape architect returned from study in Europe with a deepening concern for the need to preserve the natural beauty and historic traditions of his community.

Early that year, Charles Eliot (1859-1897), just 31 years old and son of Charles W. Eliot, then President of Harvard University, proposed the establishment of an organization "to hold small and well distributed parcels of land, just as the Public Library holds books and Art Museums pictures for the use and enjoyment of the public."

The Trustees of Reservations were incorporated by the Massachusetts General Court a year later (Chapter 392, Acts of 1891) "for the purpose of acquiring, holding, arranging, maintaining and opening to the public, under suitable regulations, beautiful and historic places and tracts of land . . ."

Today, The Trustees of Reservations are custodians for 50 open space and historic areas from the Berkshires to Cape Cod. They total more than 10,400 acres of seashore and woodlands, rivers and streams, wetlands, marshes and wildlife refuges.

## ACQUIRING LAND

The Trustees of Reservations acquire land for open space, natural areas or historic preservation either by gift or purchase. Gifts of land may be received either by deed or by legacy from the donor. When property is purchased, The Trustees of Reservations depend upon contributions to help defray the cost. Gifts of either land (at fair market value) or money qualify for Federal income tax deduction up to 50 percent of the donor's adjusted gross income.

## MUSEUMS OF THE OUT-OF-DOORS

It is the policy of The Trustees of Reservations to acquire and maintain reservations of distinctive character which will satisfy a wide range of public interests. They vary from a magnificent summer mansion of the 1890's with its formal gardens, to acres of wild beach and salt marsh, or wooded hill-sides and quiet river banks within minutes of downtown Boston. The houses, for the most part, are museums, architectural examples of their time. Three are National Historic Landmarks. The lands are left as natural areas, to be enjoyed for their plants and flowers, their topography and wildlife and the scenic beauty they provide. Many of these open space areas have unique botanical, geological and ornithological features. They are, in fact, museums too, but of the out-of-doors.

## PARTNER IN PRESERVATION

During the past 79 years many generous and thoughtful property owners have been moved by a sense of concern for the future and a deep affection for their land. They have found in The Trustees of Reservations a partner in their aim for preservation, whose integrity and consistency of purpose has withstood the test of time.

Today, their properties - meadows and streams, woods and ponds, salt marshes and seashores, green hillsides and cool valleys - are protected forever. And, as each day passes, they become more important in preserving the quality of our environment.

## LEADERSHIP IN CONSERVATION

From the beginning, it has been an aim of The Trustees of Reservations to encourage

the acquisition and protection of open spaces by government and other conservation agencies. A year after its birth, the organization led the way to the creation of a Metropolitan Park system for Boston, the first of its kind in the Nation. In 1956, it contributed to the passage of the Bay Circuit Act designed to create an outer system of open spaces around Metropolitan Boston. And in 1968, following a conference on "The Parkland Crisis in Greater Boston," it proposed the establishment of a special Commission to study parkland needs throughout the Commonwealth. The Governor's Advisory Commission on Open Space and Outdoor Recreation was created by Executive Order a few months later. The Director of The Trustees of Reservations and three of its board members serve on the Commission. Today, as always, The Trustees of Reservations enjoy a close relationship of purpose with State and Federal resource agencies - the National Park Service, The U. S. Fish & Wildlife Service, the State Department of Natural Resources, the Metropolitan District Commission, the Metropolitan Area Planning Council and other regional planning agencies, as well as state-wide and local conservation organizations concerned with the protection of natural resources and the preservation of open space areas.

## ORGANIZATION

Besides the general membership, there are some 150 members of the corporation, traditionally called "Trustees." The organization's governing board is its 14-member Standing Committee which meets monthly. There is a small paid staff.

For each Reservation, with few exceptions, there is a Local Committee. Its members are usually residents of the area in which the reservation is located. They provide a vital interest in its care and may help ad-

minister and oversee it as circumstances require.

# Membership & Gifts

With the expansion of population and the growth of the economy, open space is rapidly disappearing. Planners estimate that, ideally, about 25 percent of the land in a community should be preserved. Most cities and towns today have set aside less than five percent of their shores and woodlands, wetlands, marshes and wildlife areas.

If the quality of our environment is to be maintained the acquisition of new lands must be accelerated. No less important, of course, is the wise and efficient management of open space areas now in existence.

The Trustees of Reservations receives no public funds. It relies for support on voluntary subscriptions, income from endowments and limited admission fees. Contributions are earnestly needed to help carry on the work of the present and meet the challenge of the future. You may join The Trustees of Reservations in any of the categories listed below, and, if you wish, assign your membership contribution to the Reservation of your choice. A membership entitles you to receive all publications. A newsletter keeps you up-to-date on conservation activities. All contributions are deductible for Federal Income Tax purposes.

Member	\$10 to \$24
Contributing Member	\$25 to \$99
Sustaining Member	\$100 to \$999
Founder	\$1,000 and above

## TAX POINTS OF INTEREST

Out of the perplexities of the recent changes in the Internal Revenue Code, the following points of interest to our contributors emerge:

Contributions to The Trustees of Reservations are now deductible for Federal in-

come tax purposes up to 50 percent of adjusted gross income rather than up to 30 percent as formerly;

Contributions of appreciated securities held more than six months are deductible at fair market value as heretofore, but only to the extent of 30 percent of adjusted gross income (but look out for certain kind of preferreds known as "Section 306 stock");

Contributions in the form of loans which are periodically forgiven by the lender will be deductible as heretofore so that lands can still be conveyed to The Trustees of Reservations subject to loans that can be written off and deducted periodically;

Contributions of an undivided portion of the donor's real property are still deductible;

The usefulness of the bargain sale of appreciated securities has been reduced since the donor must now allocate part of his or her cost basis to the gift, resulting in a capital gains tax, although the full value of the gift can still be deducted.

Needless to say, contributors should consult their lawyers or accountants when making gifts of size or complexity. The Trustees of Reservations will gladly cooperate in all such cases.

Mr. Richard L. Frothingham, *Treasurer*

**The Trustees of Reservations**

Milton, Massachusetts

*Dear Mr. Frothingham:*

I have examined the Balance Sheet of **The Trustees of Reservations** as of October 31, 1969 and the related Statements of Income and Expense and Changes in Funds for the year then ended. My examination did not include, however, an audit of the books, accounts and records of certain locally handled reservations, namely Rocky Woods Reservation, The Old Manse and Stockbridge Mission House; otherwise the examination was made in accordance with generally accepted auditing standards, and included such tests of the accounting records and other auditing procedures as I considered necessary in the circumstances.

Subject to the foregoing comments, I hereby certify that the accompanying Balance Sheet and Statements in support thereof present fairly the financial position of **The Trustees of Reservations** at October 31, 1969 and the results of its operations for the year then ended in conformity with generally accepted accounting principles consistent with that of the preceding year.

Shaler, George Sheldon, William S. Shurtleff, George H. Tucker, Francis A. Walker, George Wigglesworth, their associates and successors, are hereby made a corporation by the name of **The Trustees of Public Reservations\***, for the purpose of acquiring, holding, arranging, maintaining, and opening to the public, under suitable regulations, beautiful and historic places and tracts of land within this Commonwealth with the powers and privileges and subject to the duties set forth in chapter one hundred and fifteen of the Public Statutes and in such other general laws as now are or hereafter may be in force relating to such corporations; but said corporation shall have no capital stock.

**Section 2.** Said corporation may acquire and hold by grant, gift, devise, purchase, or otherwise, real estate such as it may deem worthy of preservation for the enjoyment of the public, but not exceeding one million dollars in value, and such other property, both real and personal, as may be necessary or proper to support or promote the objects of the corporation, but not exceeding in the aggregate the further sum of one million dollars. [†]

**Section 3.** All personal property held by said corporation, and all lands which it may cause to be opened and kept open to the public, and all lands which it may acquire and hold with this object in view, shall be exempt from taxation, in the same manner and to the same extent as the property of literary, benevolent, charitable, and scientific institutions incorporated within this Commonwealth is now exempt by law; but no lands so acquired and held and not open to the public shall be so exempt from taxation for a longer period than two years. Said corporation shall never make any division or dividend of or from its property or income among its members.

**Section 4.** This act shall take effect upon its passage.

---

\*The name **The Trustees of Public Reservations** was changed to **The Trustees of Reservations** by vote of the Corporation at its meeting on January 20, 1954. Name changed by Act of Legislature on February 4, 1954.

†In accordance with the provisions of Chapter 289, Acts of the General Court 1963, The Trustees may hold both real and personal property to the amount not exceeding in the aggregate \$10,000,000.

## Article I

### Of Trustees

1. The members of the corporation, in whom are reposed the full and exclusive duty and power to vote in respect to all matters to be acted upon at any meeting of the corporation, shall be designated "Trustees." The number of Trustees shall not exceed one hundred fifty, nor shall it be less than one hundred, and they shall be elected by the corporation for such term as the corporation shall determine.
2. The Standing Committee may, if it sees fit, nominate Trustees by inserting the names of candidates in the notice of any meeting of the corporation and may designate the terms for which such candidates are so nominated.
3. An election of Trustees may take place at any annual meeting, or at any special meeting if notice thereof is contained in the notice of the meeting, and any person who receives the votes of two-thirds of the Trustees present and voting shall, on his acceptance of his election, be declared and enrolled a Trustee of the corporation. Any Trustee may resign by written notice, signed by the Trustee and delivered to the Secretary or to another officer of the corporation.

## Article II

### Of Contributors

1. All persons from whom the corporation shall receive real or personal property shall be enrolled in such categories of membership and for such terms as the Standing Committee may from time to time determine.
2. But no donor of money or property shall be a member of the corporation un-

less and until duly elected as provided in Article I. Notwithstanding that such donors shall not be subject to any duty or responsibility in the management or affairs of the corporation, they may, if convened in a meeting at the direction of the Standing Committee, take advisory action and make recommendations in respect of any matter submitted to such meeting. At any such meeting each person shall be entitled to one vote to be cast in person or by proxy.

## Article III Of Meetings of the Corporation

1. The annual meeting of the corporation shall be held on the last Wednesday in January, in Boston, or at such other city or town in the Commonwealth, and at such time and place, as the Standing Committee may determine.

In the event the annual meeting is not called and held as herein prescribed, the Standing Committee shall order a special meeting to be called and held in lieu of and for the purposes of the annual meeting, and all references in the By-Laws to the annual meeting shall be deemed to refer also to a special meeting called in lieu of and for the purposes of the annual meeting. Special meetings of the corporation may be called by the Standing Committee to meet at any time and at any place within the Commonwealth. Notice of any meeting of the corporation shall be given at least seven days before the date of the meeting by mailing post-paid to each member of the corporation at his address of record last appearing on the books of the corporation a notice thereof and, if a special meeting, a statement of the purposes for which the meeting is called.

\*As amended January 30, 1963

\*As amended January 29, 1969

2. A quorum for the transaction of business at any meeting of the corporation shall consist of not less than seven members, but a majority of the members present and voting may adjourn any meeting from time to time until the business shall have been finished.

3. Officers and members of the Standing Committee shall be elected by ballot. Any other action to be taken by members of the corporation may be taken by voice vote unless a member requests a written ballot in which case a ballot shall be taken.

4. At all meetings of the corporation the President shall take the chair as soon as a quorum is present; and the record of the preceding meeting shall then be read, unless such reading is dispensed with by the unanimous consent of those present.

5. At the annual meeting of the corporation the order of business shall be as follows:

*First.* The unfinished business and the assignments of the last meeting shall be announced by the Secretary to the President and taken up in order.

*Second.* The Secretary shall be called on to submit a written report of the doings of the Standing Committee for the previous fiscal year.

*Third.* The Treasurer shall be called upon to submit a written report of his doings for the previous fiscal year and of the financial condition of the corporation as of the close of the previous fiscal year.

*Fourth.* The Committee to audit the Treasurer's accounts shall be called on for a report.

*Fifth.* Any special committee which may have been appointed during the year shall be called on to report.

*Sixth.* If the Standing Committee shall have proposed changes in the By-Laws, or if changes in the By-Laws have been proposed by a Trustee, the same shall be voted upon.

*Seventh.* If the Standing Committee shall have made any nominations to membership in the corporation, or if such nominations are made by a Trustee, an election shall be held.

*Eighth.* An election of officers and members of the Standing Committee shall be held, if there are terms which have expired or vacancies to be filled.

*Ninth.* The President shall give the members present an opportunity to present new business.

*Tenth.* The President shall appoint a committee to audit the Treasurer's accounts.

## Article IV

## Of Officers

1. The officers of the corporation shall be a President, one or more Vice-Presidents, a Secretary, and a Treasurer. The officers shall be chosen by ballot by the members of the corporation at an annual meeting and they shall hold their offices for three years, or for such shorter term as the corporation at its annual meeting shall determine, and until others are duly chosen and qualified in their stead. Except in the case of the Secretary, an officer may not serve more than six consecutive years in the same office, but may serve again in the same office after an interval of one year. The Standing Committee may elect or appoint such other officers of the corporation as it may from time to time determine, including, but not limited to, one or more assistant secretaries and one or more assistant treasurers, and any such officers appointed by the Standing Committee shall serve for such terms and shall have such powers and duties as the Standing Commit-

tee may from time to time prescribe.

2. The President shall preside at all meetings of the corporation. If he is absent a Vice-President in order of seniority, and, if no Vice-President is present, a President *pro tempore*, chosen by hand vote of the members of the corporation present, shall preside.

3. The Secretary, who shall be a resident of the Commonwealth, shall warn the members of all meetings of the corporation, according as he may be directed by vote of the Standing Committee. He shall call the meetings of the Standing Committee as he may be directed by the chairman of the Committee or on the request in writing of any two members thereof. He shall keep an exact record of all meetings of the corporation and of the Standing Committee, with the names of the members present, entering in full all reports of committees which may be accepted by either body, unless otherwise directed.

4. The Treasurer shall keep regular and faithful account of all the moneys and funds of the corporation which shall come into his hands and of all receipts and expenditures connected with the same, which accounts shall always be open to the inspection of members of the corporation. He shall make no investments and pay no moneys without either the approval of a majority of the Standing Committee or of such officer, agent or committee as said Standing Committee shall appoint to act for it in these matters and in accordance with such procedures as the Standing Committee shall establish.

## Article V Of the Standing Committee

1. The Standing Committee shall consist of fourteen persons, including the President, the Treasurer and the Secretary who shall be members of the Standing Commit-

tee, *ex officio*. The members of the Standing Committee, other than the members *ex officio*, shall be chosen by ballot by the members of the corporation at an annual meeting. The elected members of the Standing Committee shall be divided into three classes, one of which shall consist of three members and two of which shall each consist of four members. One class shall be elected at each annual meeting of the corporation and shall hold office for a term of three years and until others are duly chosen and qualified in their stead. A member of the Standing Committee may not serve more than two consecutive three year terms as an elected member but may serve again as an elected member of the Standing Committee after an interval of one year.

2. The Standing Committee shall, at the first meeting after the annual meeting of the corporation in each year, elect a chairman, whose duty it shall be to preside at all meetings of the Committee. In his absence a chairman *pro tempore* may be chosen by hand vote. The Standing Committee shall meet at least once in every month, and a quorum shall consist of not less than three members.

3. The Standing Committee may fill any vacancy in any of the offices of the corporation or in its own membership until the next annual meeting of the corporation, may nominate or refuse to nominate new members of the corporation, may accept or decline gifts offered to the corporation, may establish a fiscal year for the corporation, may approve or disapprove investments or expenditures, may approve or disapprove all bills against the corporation, may declare any office, including the office of a member of the Standing Committee, vacant if the Standing Committee by affirmative vote of two-thirds of its members so deter-

mines, may make such arrangements for the holding and conduct of its meetings and notice thereof as it may determine, may appoint subcommittees of its members, or committees consisting of members or other persons not members, may appoint and remove agents, may engage whatever assistance is needed to administer the affairs of the corporation, may designate such agents and employees by such titles as they may deem proper, and, in general, may exercise all the powers of a board of directors and all the executive powers of the corporation.

4. Any officer of the corporation shall be entitled to attend all meetings of the Standing Committee but without vote unless he is a member of the Standing Committee as above provided.

#### **Article VI            Of the Advisory Council**

All persons who have served as officers or as members of the Standing Committee shall become eligible for election to the Advisory Council from the conclusion of

their terms. Members of the Advisory Council shall be chosen at the annual meeting of the corporation, and they shall hold their offices for such term as the corporation shall determine. The members of the Advisory Council shall be entitled to attend all meetings of the Standing Committee but without vote.

#### **Article VII                            Of the Seal**

The corporate seal shall be a circular, flat-faced die of about an inch and a half in diameter, with the name of the corporation, the year of its organization, and the word "Massachusetts" and the figure of a pine tree so engraved on its face that it can be embossed on paper by pressure.

#### **Article VIII                            Of Amendments**

These By-Laws may be amended, altered, or repealed at any meeting of the corporation by a two-thirds vote of the members present and voting, provided that notice of such proposed change shall have been given in the call of the meeting.
